About the Industry Day

Lean Construction management is a new paradigm which is being increasingly adopted by many agencies all over the world. Lean has many advantages covering waste reduction, improving time and cost certainties, promoting collaborative working and increasing the happiness quotient at site. Lean has also made a mark in India, with ILCE promoting it and many organisations have started adopting Lean. The Industry Day event of IGLC 2018 will be a good opportunity for construction industry practitioners to learn about how Lean is being applied for various aspects of construction.

Traditionally the IGLC conference features an industry day, when representatives of the Construction industry get together to discuss the improvements which can be made to the Industry by adopting Lean Construction Management practices. Following this practice, this year also an industry Day meet has been scheduled on 17th July as part of the IGLC 2018 Conference.

Dr. Glenn Ballard
Director, Project Productions
Systems Laboratory,
University of California, Berkeley

The Industry Day event will be anchored by Dr. Glenn Ballard, one of the early developers of Lean Construction management and joint developer of the very popular Last Planner System™.

The event features four Tracks led by Lean Industry practitioners, each with an International speaker, a domestic speaker and Panelists, moderated by a Lean specialist. At the end of the day, an UnConference brainstorming session will be held to discuss an Action Plan for development of Lean practices in India.

Registration: Please visit www.iglc2018.org/tariff.html

REGISTRATION FEES (EARLY BIRD)

INTERNATIONAL:

Regular: INR 16,000 | Student: INR 9,600

INDIAN:

Regular: INR 9,500

Concessions available for ILCE members, academic faculty and students.

Fee includes Cocktail reception & Dinner, Free transport to & fro venue from Chennai. Discounts are available for combined registration for Conference and Workshop Day. Only limited number of seats are available. Concessional accommodation available in many hotels at/ near the venue.

SPONSORS

IGLC 2018 INDUSTRY DAY PROGRAMME

TRACK 1: Our Lean Journey – Lean came into the construction industry in application to Projects, but this should extend to the entire company itself to reap the full benefits. The Track focuses on why companies should pursue Lean at the enterprise level and what happens en route in the journey

SPEAKERS			PANELISTS			MODERATOR	
	Ronen Barak Tidhar Construction, Israel	Anup Mathew Godrej Constructions		Sagar Gandhi Shapoorji Pallonji	R. Giridhar Afcons Infra		N Raghavan IIT Madras

TRACK 2: Using Technology to achieve Lean Objectives – What Lean objectives were pursued through Technology, how Lean management has been instrumental in application of technology and the happenings along the Journey.

SPEAKERS				PANELISTS		MODERATOR	
	Atul Khanzode DPR Constructions, USA	Aviad Almagor Trimble, Finland	Faizal Kottikolon KEF Infra		Rahul Shah Larsen & Toubro		Koshy Varghese IIT Madras

TRACK 3: Adventures in Collaborative Contracting – While classical contracting is purely transactional, today contracts are in between the transactional and the relational. Lean thinking argues for collaborative contracting with risk managed by those best able to manage it and compensation linked with delivering value to clients through shared governance.

SPEAKERS			PANELISTS			MODERATOR	
	Juha Heinämäki FIRA, Finland	Prakash Patil Tata Realty		Sankar Subrahmaniyam IAACE International	Puneet Narang KPMG India		Ashwin Mahalingam IIT Madras

TRACK 4: Managing the Extended Network – Lean management can be applied from the Project to the entire Company and also to the demand & supply networks of the company, including both customers and suppliers.

SPEAKERS			PANELISTS				MODERATOR	
	Stephen Henley MACE, U.K.	R Giridhar Afcons Infra		G Pichai Larsen & Toubro	Sanjeeva Singh Tata Housing	C Velan TRIL Info park		Kalyan V Nadhi

PROGRAMME

08.15- 09.00	Registration & Networking
09.00- 18.00	Industry Day Deliberations
18.30 – 19.30	Reception + Unconference Discussions on Development of Action Plan for Growth of Lean Construction in countries like India – Dr. Glenn Ballard & Dr. Ashwin Mahalingam
19.30 – 21.30	Industry Day Reception & Dinner

**"EVOLVING LEAN CONSTRUCTION TOWARDS MATURE
PRODUCTION MANAGEMENT ACROSS CULTURES AND FRONTIERS"**

**IGLC 2018 - 26th Annual Conference of the International Group for Lean Construction
Chennai, India, 16th to 22nd July, 2018**

Workshop Day
16 July, 2018

Industry Day
17 July, 2018

Lean Conference
18 - 20 July, 2018

Summer School
21 - 22 July, 2018

Venue: Radisson Blu Temple Bay Resort Hotel Complex, Maha-Bali-Puram, Chennai

Venue: IIT Madras, Chennai

About the Conference

The main Objective of holding IGLC in India is to give a fillip to its budding Lean community. While Lean Manufacturing concepts have been around for quite some time in India, Lean construction is just catching on. Over the past years many leading international Lean experts have visited India for technical programmes: India has also held two Lean Construction conferences successfully in 2015 and 2017, attended by about 250 Lean construction enthusiasts. Holding IGLC 2018 in India will also be beneficial to the many neighbouring countries in Asia, Africa and Australia, where Lean Construction is still nascent.

Apart from the traditional technical events of IGLC, there will also be entertainment programmes and other recreational activities. Chennai is well connected by air to global destinations. There are places of great tourist interest in and around Chennai as well as elsewhere in India. There are several interesting possibilities for pre-and post-conference tours.

Conference Tracks

- Contract and Cost Management
- Enabling Lean with Information Technology
- Lean Theory
- People, Culture and Change
- Product Development and Design Management
- Production Planning and Control
- Production System Design
- Safety, Quality and Green-Lean
- Supply Chain Management and Off-Site Construction
- Teaching Lean

For details on how to submit technical content, Registration and other deadlines, etc. refer: www.iglc2018.org

Conference Chair

Prof. N. Raghavan,
Department of Civil Engineering, IIT Madras, India
Prof. Koshy Varghese,
Department of Civil Engineering, IIT Madras, India

Scientific Chair

Dr. Vicente Gonzalez
University of Auckland, New Zealand

Workshop Day

Dr. Tariq Abdelhamid
Michigan State University, USA

Industry Day

Dr. Glenn Ballard
University of California, Berkeley, USA

For Registrations

Date for early bird: 15th June 2018 | Last date for registration: 30th June 2018

Airport Transfers

Fulcrum tours and travels Contact: parvathi@fulcrum.co.in

Sponsorship Opportunities

- Workshop Day Sponsor
- Industry Day Sponsor
- Conference Platinum Sponsor
- Conference Diamond Sponsor
- Conference Gold Sponsor
- Conference Silver Sponsor

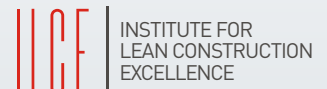

There are also possibilities of Advertisement publication in Conference Souvenir and Open Stall spaces for Exhibition at the Conference Venue. Refer www.iglc2018.org/sponsors.html for more details.
